

SHAKE WELL BEFORE USING

FG FOAMING LUBE is an excellent multi-purpose lubricant on rollers, rings, slides, pistons, grid belts, conveyor parts, seals, chains, cables, bolts and hinges. Applying the foaming lubricant will clean, lubricate, penetrate and protect against renewed corrosion. Loosens threads and bolts which have been locked by rust and corrosion. This product protects against the damaging effects of moisture and decay.

DIRECTIONS FOR USE

1. Shake well before using.
2. Spray lightly with a sweeping motion.
3. Reapply periodically as needed.

CAS NUMBERS: Contains White Mineral Oil Food Grade (#8042-47-5), Propane/Butane/Isobutane Blend (#68476-86-8), Methyl Soyate (#67784-80-9).

PRECAUTIONS

DANGER! Extremely flammable. Do not spray near heat, sparks, or open flame. Use with adequate ventilation. Avoid breathing spray mist and vapor. Deliberately concentrating and inhaling the vapor of the contents may be harmful or fatal. Avoid frequent or prolonged contact with skin and eyes. Do not puncture or incinerate (burn) container. Do not store at temperatures above 120°F (49°C). Do not place near source of heat, radiator or in direct sunlight. High temperatures may cause the container to burst.
