NEW GENERATION SAFETY SOLVENT II is an advanced non-chlorinated solvent degreaser that provides an effective alternative to chlorinated degreasers. It has a 3-way action; cleans, restores, and protects. Contains no known or suspected carcinogens, ozone depleters or materials subject to regulation under SARA 313, NESHAP, HAP, or RCRA. The unique formula provides powerful degreasing action and fast evaporation while remaining both non-flammable and non-conductive. In addition, the product is safe for short-term contact (normal aerosol spray use) on a wide variety of plastics. The low odor formula leaves no residue and is compatible with many metals including most types of steel, galvanized steel, brass, copper, magnesium, nickel, tin plate, titanium, and zinc. **NEW GENERATION SAFETY SOLVENT II** is also an excellent contact and circuit board cleaner for removing deposits such a s flux and ionic residues after soldering. May affect certain types of plastics, such as PVC, ABS, acrylic styrenes, and polycarbonates. If unsure of compatibility, test in an inconspicuous area prior to use.

DIRECTIONS PRE-TEST ON ALL PLASTIC SURFACES

Spray at 6-8 inches-floats dirt and other harmful elements away instantly.

CAS Numbers: Contains N-Propyl Bromide (CAS# 106-94-5), Ethyl Alcohol (CAS# 64-17-5), Carbon Dioxide (CAS# 124-38-9).

GENERAL MAINTENANCE PRODUCTS

SAFETY SOLVENT II

- High Solvency
- Fast DryingNon-Flammable
- Non-Flammable
- Leaves No Residue
- Non-Ozone Depletin
- Non-Conductive to 18,000 Volts

CAUTION:

Contents under pressure. Harmful or fatal if swallowed. Vapor Harmful. Carefully Read Cautions On Rear Panel.

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS 13 OZ (368 grams)

CAUTION

Use with adequate ventilation. Avoid breathing spray mist and vapor. If swallowed, do not induce vomiting. CALL A PHYSICIAN IMMEDIATELY. Deliberately concentrating and inhaling the vapor of the contents may be harmful or fatal. Avoid frequent or prolonged contact with skin and eyes. For skin contact, wash with soap and water. Provide oxygen or fresh air if overcome by vapor. Do not puncture or incinerate (burn) container. Do not store at temperatures above 120°F (49°C). Do not place near source of heat, radiator or in direct sunlight. High temperatures may cause the container to burst. Do not spray directly in open flames or hot surfaces, as contents decompose and produce toxic gases. If sprayed in eyes, flush thoroughly with water for 15 minutes. Get medical help.

WARNING: This product contains a chemical known to the State of California to cause cancer and birth defects or other reproductive harm.
