

AUTO GUIDE+ is a thick viscosity, heavy duty silicone that is specially formulated to provide superior all purpose lubrication and protection without the use of ozone depleting chlorinated solvents. Use this product on moving parts, as a water and weather barrier, as an electrical insulator, and to prevent sticking, squeaking and freezing of doors, windows, locks and assemblies.

DIRECTIONS:

Clean surface to be treated. Remove cap and spray a thin film of **AUTO GUIDE+** on surface from eight to ten inches away. Wipe away excess with a clean cloth. For hard-to-reach areas, insert extension tube provided and spray as needed. **NOTE:** May harm painted or waxed finishes. Always test in an inconspicuous area before use.

CAS NUMBERS: Isobutane 75-28-5; Propane 74-98-6; Hexane 110-54-3; Poly-Dimethyl Sioxane 63148-62-9.
