

STREAKLESS is a powerful safety cleaning compound that removes dirt, stains, and spots from all types of glass, mirrors, countertops, porcelain, and chrome surfaces. It is formulated to eliminate streaking and is harmless to painted surfaces, when applied properly.

In addition to interior surfaces, **STREAKLESS** is especially recommended for keeping auto and truck windows clean and spotless, as well as for brightening chrome surfaces on all transportation equipment.

NOTE: Do not confuse **GMP's STREAKLESS** with other products that may look or claim to be the same. There is only one **STREAKLESS**. With substitutes, you may sacrifice product performance or user safety.

DIRECTIONS

Affix the sprayer to the container, as supplied. Adjust the sprayer to deliver a fine mist. Apply **STREAKLESS** directly to the area to be cleaned with a smooth, even motion from a distance of 12 to 18 inches. Use product sparingly.

Do not allow **STREAKLESS** to dry on the surface prior to wiping. Wipe dry with a clean, absorbent, non-linting wiper or towel.

CAS Numbers: Contains Isopropyl Alcohol (67-63-0) and Propylene Glycol n-Butyl Ether (5131-66-81).

CAUTION

Use caution. Avoid contact with skin, eyes, and mucous membranes.

FIRST AID

IF IN EYES: Flush eyes with large quantities of clear, cool water. Seek medical attention if irritation persists.

IF ON SKIN: Remove contaminated clothing. Flush affected areas with water. Prolonged contact may cause dermatitis.

IF SWALLOWED: Drink a large quantity of water. Seek medical attention immediately.
