

PROTECTANT WIPES are a versatile micro-emulsion protectant and conditioner in a pre-moistened wipe, which is formulated to penetrate and protect vinyl, plastic, rubber, finished wood, metals, leather, leatherette, marble, Formica and many other similar materials. Fortified with UVX, an advanced technology ultraviolet light block, this product prevents further damage from moisture, ozone, ultraviolet rays, and oxidation which can cause dulling and embrittlement. The special wipe material is durable but very soft and leaves no lint behind. Original beauty and luster can be restored to tires, vinyl tops, dashboards, seats, luggage, furniture, sporting goods and equipment, floor mats, and vinyl or leatherette handbags, jackets, book bindings. This product is the one true all purpose protectant wipe to keep surfaces looking like-new.

DIRECTIONS FOR DISPENSING

1. Remove lid by lifting upward.
2. Pull towel from center of the roll and thread through "X" on the underside of the lid.
3. Close lid. Pull towel at a 90° angle.
4. Snap hinged cap back into place to ensure towels stay moist.

DIRECTIONS

Wipe down all surfaces and allow to dry to the touch. Discard the towel after use. **NOTE:** Do not use on steering wheels, pedals, and other instrumentation where slipperiness may present a hazard.

CAS Numbers: Contains Water (7732-18-5), Polydimethylsiloxane (70131-67-8), and Poly (oxyethylene) nonylphenol (9016-45-9).

CAUTION

May irritate eyes. Avoid contact with eyes.

FIRST AID

IF IN EYES: Flush with plenty of cool water for at least 15 minutes. If irritation persists, obtain medical assistance.
