

**FREEZE KLEEN** is a hard-working, ready-to-use, floor, wall, and equipment cleaner to use in all subfreezing, cold storage and freezers with temperature extremes to -44°F. This product quickly removes dirt, grime, fat and grease deposits from hard surfaces.

#### DIRECTIONS

**Automatic Scrubbers:** Use steel wire or aggressive brushes. Fill tank with undiluted cleaner. Lay down the solution with a scrubbing action and allow the solution to remain on the surface for 5 minutes. Scrub again and pick up soiled solution with a wet-vac or mop. This product is best applied using a floor scrubbing machine with a vacuum attachment.

**Rotary Floor Machine:** Use steel wire or other aggressive brush. Apply the solution by spray or mop and allow to soak for 5 minutes. Scrub well and pick up soiled solution with a wet-vac or mop.

**Manual Cleaning:** Apply the cleaner by spray, mop or sponge and follow with double brushing or scrubbing. Pick up the soiled solution with a wet-vac or mop.

APPLICATION	
Temperature	Ratio
-25°F to -5°F	Full strength <b>FREEZE KLEEN</b>
-5°F to 10°F	2 parts <b>FREEZE KLEEN</b> /1 part water
10°F to 20°F	1 part <b>FREEZE KLEEN</b> /2 parts water
20°F to 32°F	1 part <b>FREEZE KLEEN</b> /5 parts water

**NOTE:** This product may be rinsed at temperatures above 0°F. Always wet-vac or mop dry to prevent any resulting residues.

**CAS Numbers:** Contains Ethylene Glycol (107-21-1), Methyl Alcohol (67-56-1), Ethylene Glycol Monobutyl Ether (111-76-2).

#### CAUTION

Use caution. Danger: flammable if used above 61°F. Keep away from heat, open flames, and sparks. Rinse empty container with water before discarding.

#### FIRST AID

**IF IN EYES:** Flush with large quantities of clear, cool water. Seek medical attention if irritation persists.

**IF ON SKIN:** Remove contaminated clothing. Flush affected areas with water. Prolonged contact may cause dermatitis.

**IF SWALLOWED:** Drink a large quantity of water. Seek medical attention immediately.
