

PRESH OFF is a completely biodegradable, high powered concentrate that penetrates and emulsifies grease, oil and soil for easy removal with a pressure washer. Contains no toxic or flammable solvents. **PRESH OFF** cleans machinery, concrete and ferrous metal surfaces. **PRESH OFF** is soluble in hard or soft water, is nonflammable and has no harsh fumes. This product requires no rinsing before painting.

NOTE: If **PRESH OFF** should contact glass, immediately rinse off with clear water to prevent etching. Do not use on aluminum surfaces.

DIRECTIONS

For the most effective, economical cleaning, apply **PRESH OFF** through a pressure washer at the rate of 1 gallon per 20 gallons of water. Follow the machine manufacturer's instructions for proper adjustment of mixture concentration. (**PRESH OFF** may be mixed with water and applied to surfaces by brush). After application, allow mixture to remain on surface for several minutes. Rinse under pressure.

CAS Numbers: Contains tetrapotassium pyrophosphate (7320-34-5), n sodium silicate (1344-09-8), potassium hydroxide, liquid (1310-58-3), cocoamphodipropionate (68604-71-7) and trisodium phosphate (10101-89-0).
