

MULTI SPRAY is for use in schools, hotels, motels, office buildings, hospitals, nursing homes, food plants, bakeries, restaurants, factories, and warehouses.

DIRECTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For most effective results, use a good sprayer adjusted to deliver a fine mist.

For HOUSEFLIES, MOSQUITOES, and GNATS: Close all doors and windows. Point spray nozzle upward, direct the spray mist to all parts of the room, especially windows and other light sources which attract these insects. Fill the room with mist, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is complete.

WASPS: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.

For Crawling Insects such as ROACHES, EARWIGS, GRAIN MITES, SOW BUGS, SPIDER and CENTIPEDES: Spray thoroughly into hiding places such as cracks, openings, around pipes and sinks, and storage areas. Spray directly on insects when possible.

ANTS: Spray trails, nests, and points of entry. Spray on ants when possible. Repeat as necessary.

STORAGE and DISPOSAL

Storage: Do not expose product to heat, spark or open flame. Store container in a cool dry location. Do not expose product to temperature extremes. Store product in original shipping container in a locked storage area. Keep container closed when not in use. Do not contaminate water, food, or feed by storage or disposal.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. In the event of a spill or leak, contain product with a dry absorbent and dispose of in accordance with state or local regulations. Wear protective clothing during clean up procedures.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

GENERAL MAINTENANCE PRODUCTS

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or inhaled. Avoid breathing vapors or spray mist. Avoid contact with skin. Wash contaminated clothing prior to re-use. Do not contaminate food or feed.

Food Processing Plants: Use only when plant is not in operation. Foodstuff should be removed or covered during treatment. All food processing surfaces, benches, shelving, etc. should be covered or removed during treatment or thoroughly washed with an effective cleaning compound followed by a potable water rinse prior to use. In hospitals, patients should be removed from room prior to treatment. Room should be ventilated for 2 hours after treatment. Do not return patients to room until after ventilation.

Environmental Hazards: This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not apply when weather conditions favor drift from treated areas.

Chemical or Physical Hazards: Do not use, pour, spill, or store near heat or open flame. Keep container closed.
