

**PRESH-O-KLEEN** removes difficult road film, exhaust streaks, grime, insect stains, oil and salt residues from vehicle surfaces. This highly concentrated problem solver has been specifically formulated for use through a pressure washer and may be used with hot or cold water units.

**PRESH-O-KLEEN** safely and thoroughly cleans glass, chrome, rubber, metal, aluminum and painted surfaces. Rinses clean without spotting or streaking and guards against deterioration due to the corrosive effects of exhaust film and road salts.

#### DIRECTIONS

Before using **PRESH-O-KLEEN**, always test a small area of surface for compatibility.

**General Cleaning:** Dilute 1 part concentrate with 25 to 50 parts water and apply through a pressure washer, holding nozzle 12" from the surface to be cleaned. Always work from the bottom to the top of the vehicle. Allow the product to remain on the surface for several minutes, but do not permit the solution to dry. Rinse with clear water and follow with a final rinse, both from top to bottom. For heavily soiled vehicles, a repeat application may be necessary.

**Heavy Duty Cleaning:** Dilute 1 part concentrate with 15 parts water and follow the general cleaning directions above.

**NOTE:** Do not allow **PRESH-O-KLEEN** to dry on glass or other surfaces. Always rinse thoroughly with clear water.

CAS Numbers: Contains ethylenediamine tetra acetic acid (000064-02-8), potassium hydroxide, liquid (1310-58-3), nonionic surfactant (9016-45-9), cocoamphodipropionate (68604-71-7), ethanol, 2-(2-butoxyethoxy) (112-34-5) and sodium metasilicate pentahydrate (6834-92-0).

#### CAUTION

Skin and eye irritant. Prolonged or repeated contact may cause dermatitis. Direct inhalation or mists may be irritating to the nose and throat. Do not store product in areas where it may freeze.

#### FIRST AID

**IF IN EYES:** Flush eyes with large quantities of clear, cool water. Seek medical attention if irritation persists.

**IF ON SKIN:** Remove contaminated clothing. Flush with large quantities of water. Seek medical attention if irritation persists.

**IF INHALED:** Get to fresh air.

**IF SWALLOWED:** Do not induce vomiting. Drink large amounts of water or milk to dilute contents in stomach. Seek immediate medical attention.

**KEEP OUT OF REACH OF CHILDREN**
