

BIO-KLEEN W/ASE represents a breakthrough in environmental safety and performance. **BIO-KLEEN W/ASE** is a neutral hard surface cleaning concentrate consisting of a biodegradable detergent coupled with a bioactive system of living bacteria and stabilized enzymes. **BIO-KLEEN W/ASE** safely removes organic soils, soap scum and dirt from floors, walls, showers, and grouted tiles. While cleaning, **BIO-KLEEN W/ASE** provides positive odor control for persistent odor problems. Spent cleaning solution can be safely introduced to drains and will supplement a biological drain maintenance program. The regular usage of **BIO-KLEEN W/ASE** will help to keep drains free flowing and odor free.

DIRECTIONS

BIO-KLEEN W/ASE is a concentrate and should be diluted prior to use. Apply **BIO-KLEEN W/ASE** with a mop, spray, or sponge.

HEAVY SOILS:

Dilute 1 part concentrate to 20 parts water for greasy floors and other hard surfaces. Warm water is suggested for removing heavy oil deposits and scuffmarks.

AVERAGE SOILS:

Dilute 1 part concentrate to 30 parts water for regular cleaning of linoleum, rubber asphalt and vinyl flooring, tile, terrazzo and marble, painted walls, floors and porcelain surfaces.

LIGHT SOILS:

Dilute 1 part concentrate to 40 parts water for daily cleaning of all hard surfaces.

CAS Numbers: Contains Sodium hexametaphosphate (CAS # 68915-31-1), EDTA sodium salt (CAS # 000064-02-8), Phosphate ester (CAS # 68130-47-2), and Living bacterial suspension (CAS # Not Assigned).

GENERAL MAINTENANCE PRODUCTS

BIO-KLEEN W/ASE

**BioActive Hard Surface
Neutral Cleaner**

- Promotes Drain Maintenance
- Concentrated for Economy
- Will Not Dull Finished Floors
- Odor Controlling Formula

CAUTION: Do not ingest. See side panel for additional precautionary information. For industrial, institutional, and commercial use only.

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: 5 GALLONS (18.9 L.)
