

IMPERIAL GYM FINISH is a polyurethane gym finish and is the companion product to a urethane sealer. It is intended to be applied over the cured seal film. This product will dry to a clear, bright, super high glass luster and provide the ultimate in appearance and protection to fine hardwood gymnasium floors.

After the finish has dried, the floor will be slip and scuff resistant, will not black mark or discolor, and is very long wearing. Maintenance is easy and fast. **IMPERIAL GYM FINISH** provides the most durable playing surface available.

NOTE: Always use this product with adequate ventilation and keep the temperature above 75°F.

DIRECTIONS

Sealed floors or top coat: Burnish floor surface with a fine grade steel wool or black floor pad. Pick up all sanding debris with a damp mop. Allow to completely dry.

First coat: Apply product in a thin, even film using a lamb's wool or synthetic fiber applicator, or a clean, dry string mop. Rub across boards, then smooth film with wood grain. Allow to dry overnight.

Second coat: If a second coat is desired for maximum beauty and appearance, first burnish in the same manner as above and remove all debris from the floor prior to application of the second coat. Apply in the same manner as the first coat, then allow 48 hours for complete and thorough curing.

CAS Numbers: Contains solvent naphtha (petroleum), medium aliphatic (64742-88-7).

CAUTION

Harmful or fatal if swallowed. Product contains petroleum distillates. Do not use or store near heat or open flame. Allow adequate ventilation during application and curing procedure. Keep container sealed when not in use to prevent evaporation loss. Dispose of empty container in an authorized landfill site.

FIRST AID

IF IN EYES: Flush with water. If persistent irritation occurs, get medical attention.

IF ON SKIN: Remove contaminated clothing. Wash with soap and water. If persistent irritation occurs, get medical attention.

IF INHALED: Remove to fresh air. Provide oxygen or artificial respiration as needed. Get medical attention.

IF SWALLOWED: Do not induce vomiting. If vomiting occurs, keep head below hips to prevent aspiration of liquid into lungs. Get medical attention.
