

**READ AND FOLLOW ALL DIRECTIONS AND CAUTIONS
CAREFULLY BEFORE USING THIS PRODUCT!**

This drain opener contains powerful caustic granules activated with aluminum needles. When added to water in a drain or sewer, it releases large amounts of heat and turbulence to liquefy, dissolve and loosen animal and vegetable fats and oils, hair, paper, organic matter and other materials that clog drains and sewer lines.

DIRECTIONS

MUNICIPAL: Pour or shovel 25 pounds into strategic manholes. If sewer system is dry, pour water down manhole after the drain opener has been added.

INDUSTRIAL: Use 2 to 3 pounds in normal drains. In food plants, such as packing houses, canneries, etc., where accumulations of grease or organic matter are high, dosages canneries, etc., where accumulations of grease or organic matter are high, dosages of 5 to 8 pounds are recommended

WARNING: Use of this drain opener generates considerable heat which may cause eruption of hazardous

Place a bucket over drain opening after treatment. Do not use in combination with or directly after treatment with acid type drain openers, as it will react violently.

Do not enter treated sewers until they have been thoroughly flushed out with water.

This Product Contains CAS Number :

Sodium Hydroxide(1310-73-2), Sodium Nitrate(7631-99-4)
Sodium Chloride (7647-14-5), Aluminum Metal (7429-90-5)
Octyl Phenol Ethoxylate (9002-93-1)

Handling & Storage: Keep container tightly closed when not in use. Do not store in unmarked containers. Do not mix with any other chemicals. Store containers in cool, dry place. Keep away from acids, strong oxidizing agents and disinfectants.
