

STORM CHASER

Economy Ice and Snow Melter

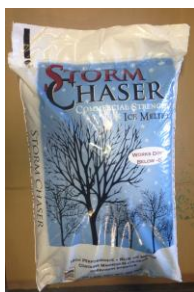

(Product # C973 and C974)

- **Works Down to below 0 °F**
- **Provides Corrosion Inhibitor System**
- **Enhances Rock Salt Performances**
- **Economically Priced**

GMP STORM CHASER is blended to provide genuine value. **Screened and Refined Sodium Chloride** (NaCl) (solar salt) and **Magnesium Chloride** (MgCl₂) are blended to coat every crystal with MgCl₂ and allow **STORM CHASER** to melt down to 0°F. Works twice as fast as **Sodium Chloride** (NaCl) (rock salt) and other conventional de-icers. The supercharged crystals coated with **MAG** provides a corrosion inhibitor system that reduces the negative impact from corrosion as a result of the usage of rock salt. **Potassium Chloride** (KCl) and **Magnesium Chloride** (MgCl₂) work to provide de-icing to temperatures far below that of plain rock salt. Conveniently packaged in 50-lb bags and economically priced so that you can consider its' use instead of rock salt in **sensitive areas** such as parking lots, areas near entrances, or sidewalks. Works extremely well in areas where expensive landscaping is a concern. **Can be mixed with rock salt to provide a lower melt point for rock salt.** **STORM CHASER** is truly a low cost de-icer that offers great value.

The details are listed below:

PRODUCT #	PRODUCT DESCRIPTION	PRICE
C973	STORM CHASER	\$18.50/Bag 10-Bag Minimum Pallet=49 Bags
C974	STORM CHASER TRUCK LOAD	\$13.49/Bag 18 Pallets = 882Bags x 50-Lb 44,100 Lb/Truck Load

Packaging Available

2450-Lb/Pallet (49-Bag x 50-Lb) FOB Factory (10-Bag Minimum Order)

44,100 Lb/Truck Load (882-bag x 50-lb) 18 Pallets

Truckload Pricing is Delivered Pricing until November 30
