

HYDRASCRIP[®] RX is a state-of-the-art hydraulic oil treatment/conditioner that will enhance the performance characteristics of industrial hydraulic oils whether they be new or used. **HYDRASCRIP[®] RX** is manufactured using selected high VI neutral oils. This product is red in color and swells seals to prevent leakage and has an exceptional package of demulsifiers, corrosion inhibitors, rust and oxidation inhibitors as well as antiwear and extreme pressure agents, which result in a vastly improved hydraulic operation.

DIRECTIONS

HYDRASCRIP[®] RX is to be added to the hydraulic system whether the oil be new or used at the volume ratio of 1 part **HYDRASCRIP[®] RX** to 15 parts of oil. **HYDRASCRIP[®] RX** is the ideal treatment to be used in all single and multigrade hydraulic applications.

WARNING: **HYDRASCRIP[®] RX** is not recommended for use in transportation, wet brake systems, power steering, equipment using synthetic hydraulic oil, or equipment with automatic assemblies or power central systems requiring a gear/hydraulic oil—e.g., backhoes and farm tractors with common sumps.

PRECAUTIONS

Misuse of empty containers can be hazardous. Empty containers can be dangerous if used to store toxic, flammable, or reactive materials. Cutting or welding of empty containers might cause fire, explosion, or toxic fumes from residue. Do not pressurize or expose to open flame or heat. Keep container closed and drum bungs in place. Do not ingest.

FIRST AID

IF IN EYES: Flush with large amounts of water for at least 15 minutes or until irritation subsides.

IF ON SKIN: Remove any contaminated clothing and wash skin with soap and warm water.

IF INGESTED: Call physician immediately.
